

Myers Institute presents

# WISDOM TREK

Stimulating, practical, three days of equipping and networking to make an eternal difference

The most important thing one generation can do is to train the next generation. Difference-makers don't just emerge; they are deeply influenced by the life-on-life impact of significant individuals.

This is no ordinary conference! It's three days of coaching in a personal environment on how to mentor a generation and prepare others in your organization to do so as well. You'll learn leader development principles for all the roles in your life, whether you're a parent wanting to leave a legacy for your children, a pastor wanting to disciple a congregation, a teacher wanting to develop student leaders, or a business operator wanting to coach effective employees.

Your host, Dr. Jeff Myers

October 4-6, 2006  
Limited to the first 100 registrants!

*"I first decided to come to **Wisdom Trek** to be equipped for implementing a student mentoring initiative at my school. What I found was a godly source for leadership, vision, and personal development. While going through **Wisdom Trek** the Lord has given me insight into His plan and where I need to devote my time and energy."*

Tor Benestad, Rincon Valley Christian School, Santa Rosa, California

During this Wednesday morning through Friday afternoon event you'll receive:

- Personalized coaching to prepare you to train culture-shaping leaders.
- Guided strategic planning to develop the systems and events that make leader development the centerpiece of your organization.
- Vision-building: instruction in how to communicate your vision with credibility and strengthen the dedication of your team.
- Pampering by the Winshape Retreat staff—plush rooms, delicious meals, and a spiritually nourishing environment.
- Prayer and spiritual encouragement. Our intercessors will be praying for you 24-hours-a-day during the event.

*"Wisdom Trek has been a breakthrough experience for me personally and professionally. It has moved me forward in understanding myself as a leader, removing obstacles I have faced, and shown me specific ways to cultivate and equip the next generation to grown in leadership."*

Beth Cook, Heritage Academy, Gainesville, Georgia

**MYERS INSTITUTE**
